President

Dr. Susan A. Cole

Dear Class of 2016:

Congratulations on earning your degree. I join your professors, family and friends in applauding the hard work and dedication you have demonstrated in reaching this important milestone. I hope that this yearbook serves as a powerful reminder of your accomplishments and experiences at the University -- the friendships forged, the knowledge gained and the challenges mastered.

While you pursued your undergraduate education, the faculty and staff were hard at work transforming the curriculum, the physical plant and many other aspects of the campus experience. During your time here, the University has made remarkable strides on behalf of you and the next generation of students. We opened the beautiful new Feliciano School of Business, the Center for Environmental and Life Sciences, Schmitt Hall for programs in foreign languages and linguistics, and the new student residences at The Heights. You have had the chance to study with an outstanding faculty, and participate in wonderful educational experiences both on and off campus. You can also be proud of the fact that, in this your graduation year, the University also graduated to new national recognition as a Research Doctoral University.

On behalf of the University's whole community of faculty and staff, I can say that it has been our passion and commitment to support your educational goals and to play a role in preparing you to take on the exciting challenges of your future. Montclair State University will always be your university. Please stay in touch with us and with the powerful network of more than 110,000 alumni Red Hawks who can serve as lifelong friends, mentors and professional contacts.

Go forth with courage, and seize the day!

Susan A. Cole

President

"On behalf of the University's whole community of faculty and staff, I can say it has been our passion and commitment to support your educational goals and to play a role in preparing you to take on the exciting challenges of your future."

VICE **PRESIDENT**

Karen Pennington

“Use your imagination, ingenuity and audacity to explore, discover and change a world filled with ceaseless and kaleidoscopic challenges.”

Dear Members of the Class of 2016:

This yearbook is a photographic record of an extraordinary period in your life. As have graduates before you, I believe you will find that this book becomes more valuable to you as the years go by. It allows you to look back at your time at Montclair State University and remember all of the great experiences you had during your college years. As you browse the yearbook, you can review the ever changing landscape of the campus and remember how you learned and changed as well.

During your time at Montclair State you were among the first to experience the new Schmitt Hall, the Feliciano School of Business, the Heights, and CELS. You were able to see the transformation and building of the newly redesigned Promenade which will go from Richardson to College Hall as well as the construction of the new School of Communication and Media and the new School of Nursing. You also were among the first to see the beginning of the Skyline Drive on the east side of campus. Your University has become larger and more beautiful, reflecting the quality education you have received. We hope you will come back often and enjoy what you helped build and what is yet to come.

Congratulations on all the years of study and hard work that have resulted in graduation from Montclair State University. Completing an undergraduate degree is an accomplishment shared by a very small percentage of the population; cherish the experience. As you establish yourself in your new life and career, take with you the tools and values you learned from your family and acquired at the University to help you be all you want to be. Continue to aim high. Choose compassion over complacency and prize courage over comfort. Use your imagination, ingenuity and audacity to explore, discover and change a world filled with ceaseless and kaleidoscopic challenges. Become an engaged and responsible global citizen. Be a mentor and trusted friend. Embark on new adventures and continue to grow as an educated, ethical and caring person.

I am confident you will make the right choices and do the right things. Go out into your community and the world and make your mark. We are proud that you are an alumnus of Montclair State University. Best wishes for a happy, healthy and productive future.

Sincerely,

Dr. Karen L. Pennington

Vice President for Student Development and Campus Life

DEAN OF **STUDENTS**

Margaree Coleman-Carter

Dear Montclair State University Graduates, Class of 2016:

I am proud, as your Dean of Students, to congratulate you on receiving your Montclair State University degree. I am sure this journey was not without its challenges and opportunities; both have prepared you for this moment. As you celebrate this milestone, don't forget the journey and what it took for you to finish strong. A strong finish propels you towards your "New Beginnings."

The theme of your yearbook is, "New Beginnings."

Whether you choose to further your education, start your new career, or travel, continue to exemplify your dedication, passion, diligence, and motivation to be a better version of who you are. You are the agents of change for this world who have the responsibility of making an imprint on society, and leaving things better than you found them.

Montclair State University is honored to have provided you with knowledge, resources, and experiences as you embark upon the New Beginnings of your personal and professional journey.

Graduation is not the end, it is the beginning!! Thus, the annual celebration of Commencement... "the time when something begins." This is your time to create a legacy full of passion, purpose and success.

Take pause, contemplate and joyfully celebrate your achievement; resolve to push forward, moving beyond the bounds, to the pinnacle of "New Beginnings."

Sincerely,
Margaree Coleman-Carter
Dean of Students

"Whether you choose to further your education, start your new career, or travel, continue to exemplify your dedication, passion, diligence, and motivation to be a better version of who you are."

S.G.A. **PRESIDENT**

Rajhon White

"As we take the next steps of our journey, realize Montclair State University has been a training ground, which has equipped us with skills we did not know we even possessed."

My Fellow Red Hawks,

We made it! I am beyond honored to have had the opportunity to serve our community during the past year. It has been your powerful voices that have guided my path as the President of the SGA.

Now, it is our opportunity to take the precious nuggets of knowledge we have gathered during our time at MSU, go out into the world and challenge the process. Now is the moment to reflect on the lessons that have made us the intelligent individuals who have a thirst for knowledge and an even greater thirst to change our world as global citizens.

As we take the next steps of our journey, realize that Montclair State University has been a training ground which has equipped us with skills we did not know we even possessed. I encourage you now to realize the power that you have in your voice. Both of these tools are necessary to being the change agents we were born to become.

As we transition into a new chapter of uncertainty, let faith be your anchor. Let the belief that you have been prepared for the tough moments guide your steps. Let believing that you are enough allow you to confidently overcome all obstacles.

As a Red Hawk, our motto 'Carpe Diem,' Seize the Day is an influential piece that connects us to MSU. I encourage you to seize every new day you are given. Now that we have made it to such a pivotal moment and have overcome the rigors of a college setting, our next challenge is to live by 'Carpe Futura,' meaning seize the future. Work hard, stay focused, stay committed and never give up!

Go out and never forget that once a Red Hawk, always a Red Hawk!

Be Blessed,
Rajhon L. White
President of SGA Inc.

BOARD OF **TRUSTEES**

Anthony Fasano

"During our time at Montclair State, we have been part of a unique and diverse campus that has grown tremendously since we became a part of the Red Hawk family."

To The Graduating Class of 2016,

Congratulations! All of your hard work has finally paid off and you now have the academic tools necessary to go on and accomplish whatever it is you put your mind to. Together, we have all learned so much, not only about our field of study, but also about how we can collectively contribute to the betterment of our society. During our time at Montclair State, we have been a part of a unique and diverse campus that has grown tremendously since we became part of the Red Hawk Family. The university's growth, along with our own personal growth, has been a representation of a simple concept that is widely embraced at Montclair State University: Carpe Diem.

Today, we are now Montclair State University alumni. So in this unknown world, embrace every challenge and opportunity with what we have learned at MSU. Every day, we have the opportunity to show and teach the world what we have learned; we have the opportunity to continue to embrace the values we have learned at MSU with every action we take as individuals. Carpe Diem, seize the day! And remember, "Once a Red Hawk, Always a Red Hawk."

I wish you all the best in your future successes and it truly has been my honor to learn and grow with you.

Sincerely,

Anthony J. Fasano

Congratulations Graduates

Graduation

"You have brains in your head.
You have feet in your shoes.
You can steer yourself any
direction you choose. You're on
your own. And you know what
you know. And YOU are the
one who'll decide where to go..."

Dr. Suess

ALMA MATER

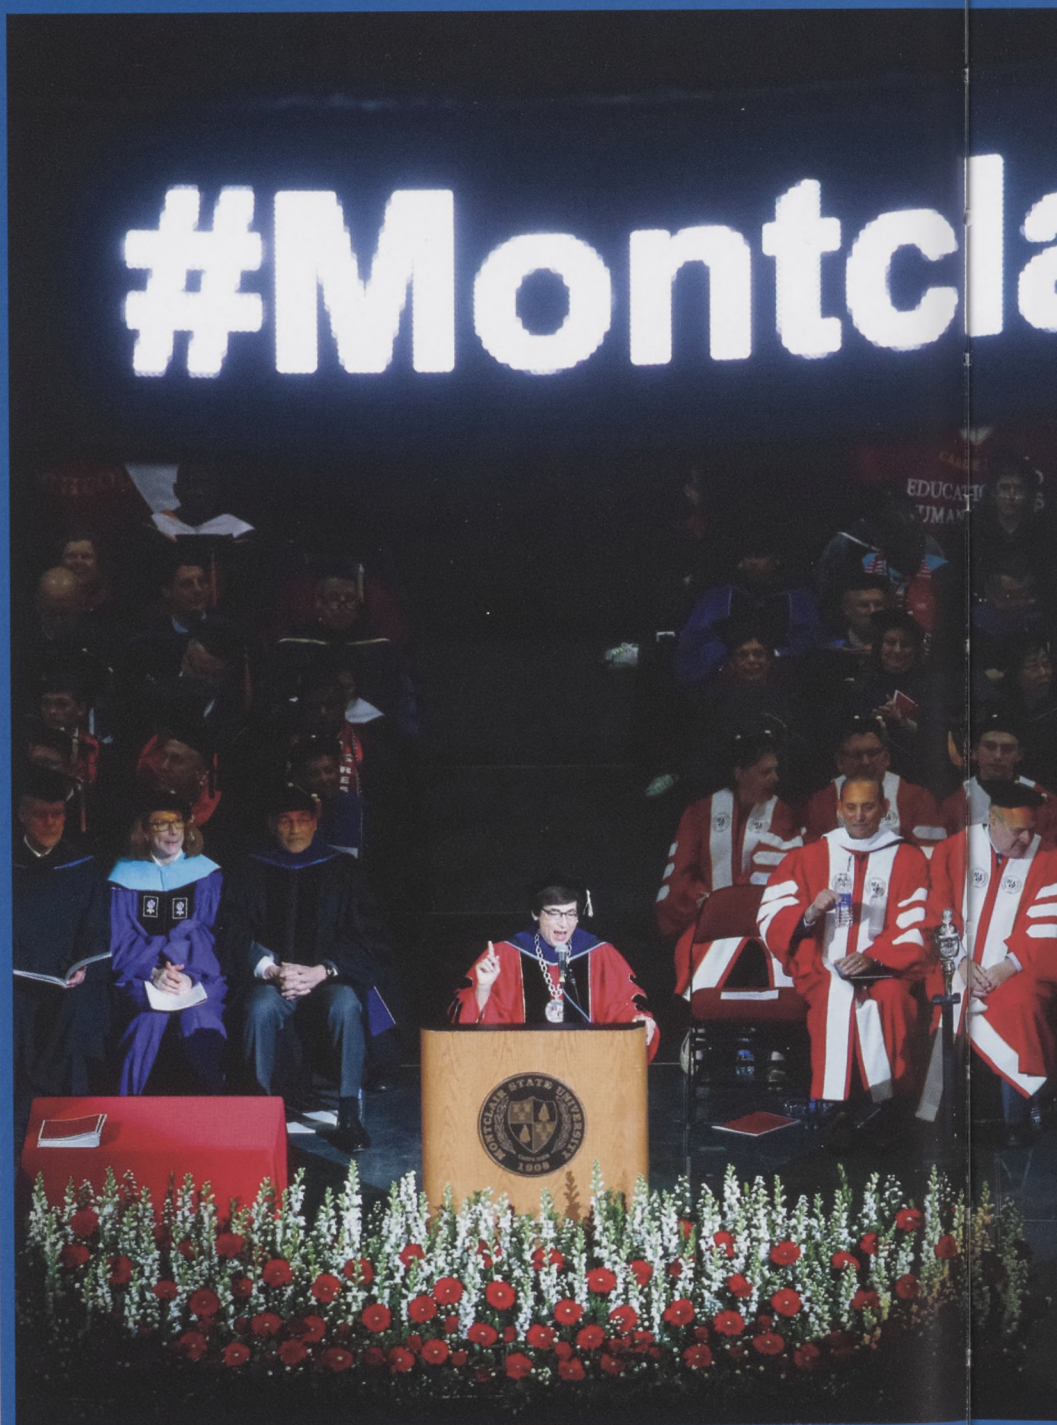

Evelyn Hock Walter '25

Beneath the Jersey skies so blue, in
Montclair's mountain town, there
stands our College, tried and true
and growing in renown. We love thy
campus, love thy halls, and oft to
thee we raise, with loyal lips and
loyal hearts, united songs of praise.

All hail to thee Montclair, to thee our
voices raise. Alma mater, dear
Montclair, our undying hymn of
praise.

We love thy colors, dear Montclair,
the scarlet and the white; may they
forever help us dare to choose and
do the right. And tho' in after years
our fate may lead us far apart, nor
time nor space may separate the ties
that bind our heart.

All hail to thee Montclair, to thee our
voices raise. Alma mater, dear
Montclair, our undying hymn of
praise.

MONTCLAIR STATE UNIVERSITY'S **COMMENCEMENT**

Wednesday, May 25, 2016 | Prudential Center, Newark, NJ

Montclair State University's Commencement Ceremony was held on Wednesday, May 25, 2016 at 10:00 a.m. at the Prudential Center in Newark, NJ. This annual celebration congratulated the achievements of students over the course of their academic career. Administration, faculty, and friends joined to applaud those undergraduate, graduate, and doctoral students reaching a tremendous milestone.

Academics

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education."

Martin Luther King Jr.

A Message From the **Dean:**

I am honored to celebrate your graduation with you, along with the conclusion of my first year as dean of the Feliciano School of Business. In your time at Montclair State, you have seen incredible changes here at the Feliciano School of Business and, we have seen the same wonderful growth in you. Your agility, drive and capacity for innovation and strategic thinking are the qualities that have, literally, shaped the structure and mission of our school. As you prepare to begin the next phase of your lives and careers, remember that we are here for you and want to know of your progress and experiences in the dynamic world of business. The learning that took place in our classrooms, seminar rooms, offices and corridors is your currency to spend and invest wisely, wherever you may work and travel. On behalf of our fine faculty and staff, I wish you great success and happiness in all of your future ventures. We are very proud of our newest alumni, and look forward to your frequent visits.

With best regards,
Greg Cant, PhD

SCHOOL OF BUSINESS

At the Feliciano School of Business, we are driven by a single goal: to transform today's students into tomorrow's business leaders. Students in the School of Business gain skills, knowledge and experience needed to compete successfully in today's global marketplace. Our programs offer a unique set of experiences designed to drive success in a range of corporate, non-profit and public sectors. Students engage with a world-class faculty of thought leaders and industry professionals, who will help them acquire the analytical thinking, communication and leadership skills that are the foundation of lasting professional success.

Our undergraduate curriculum features innovative courses that help students master the business theories, best practices and evolving global issues that define today's evolving marketplace and it does not end in the classroom. Students are able to put business theory into practice – and gain marketable experience with potential employers from hands-on co-op and internship programs.

Through regularly scheduled lectures and programs, students engage and connect with noted business leaders and entrepreneurs, corporate friends and partners, and a network of actively engaged alumni who continually help to open doors.

Feliciano School of Business

The new Feliciano School of Business is a six-story, 143,000 square foot structure located adjacent to University Hall. The facility houses instructional spaces, administrative offices, conference and seminar rooms, departmental suites, group study rooms, large common lobby and lounge spaces, and the Venture Café.

A Message From the **Dean:**

In the College of Science and Mathematics, we urge our students to focus on discovery, innovation, and creativity as they learn about and put in perspective the world around them. Our students learn to connect the dots so that logical projections and predictions can be made and sound hypotheses can be tested. Above all else, our students learn to keep asking questions. We're proud of our College of Science and Mathematics graduates including the very many who took advantage of our extensive research opportunities. We're proud of those who so energetically pursued original scholarships, internships, co-op programs and are now emerging to take new paths in science, technology, mathematics and STEM education. Whether heading for a career in research or teaching, medicine or technology, we know our CSAM majors are prepared to engage as well educated and deep thinking citizens. We know our graduating students fully appreciate the value of discovery and the need to question, educate and continue their learning. And we are confident that graduates from all of our majors, from biochemistry to physics, information technology to environmental studies, and molecular biology to mathematics education, will help positively transform our collective futures as they themselves become tomorrow's innovation leaders. Congratulations and best wishes to our newest CSAM alumni.

Robert S. Prezant

COLLEGE OF MATHEMATICS AND SCIENCE

The College of Science and Mathematics provides a rich milieu that engages students in scientific breadth and depth to discover new knowledge and critically evaluate existing knowledge. The

College offers strong disciplinary and interdisciplinary baccalaureate, certificate, master's and select doctoral programs reflecting contemporary needs and research foci in sciences and mathematics. CSAM distinguishes itself through its commitment to strategic disciplines and as a national resource in a select and growing array of transdisciplinary efforts. Scholarship, partnerships and programs all reflect back to benefit students and tomorrow's scientists, mathematicians and educators.

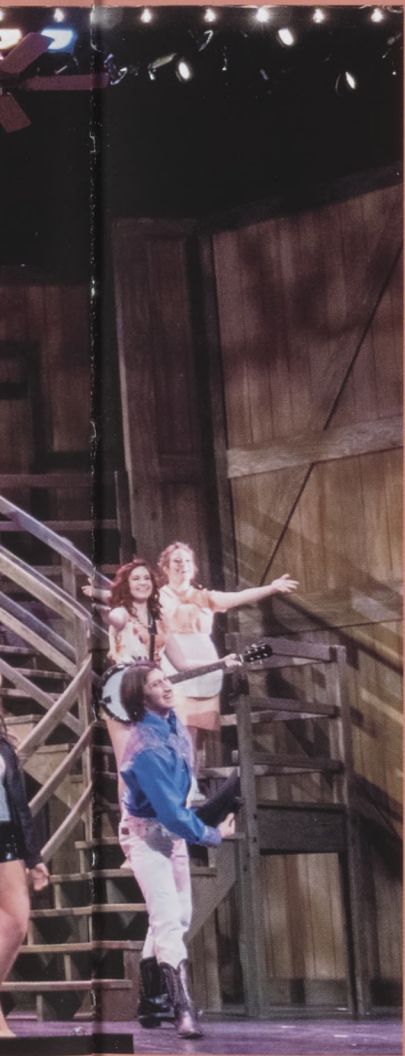

Center for Environmental and Life Sciences

The Center for Environmental and Life Sciences (CELS) is a 107,500 sq. ft. science facility devoted to environmental and pharmaceutical life sciences research. The Center allows Montclair State's College of Science and Mathematics to build on its collaborative culture to combine strengths across disciplines and build research programs of exceptional power. In the process, Montclair State University demonstrates that it can make a large impact on the advancement of science and technology, especially in the sustainable use of natural resources and improved human health.

Montclair State University has begun construction on a new state-of-the-art building for the College of the Arts' School of Communication and Media and a new arts and sciences quad that will run from Richardson Hall to College Hall. The new building will be equipped with a cutting-edge, multi-platform "newsroom of the future," along with a 150-seat presentation hall, broadcast studios, integrated media lab, film screening room, and acting and dance studios. Construction will be completed December 2016.

COLLEGE OF THE ARTS

The College of the Arts (CART) offers more than fifty majors, minors and concentrations in art and design, television and digital media, communication studies, dance, music and theatre. Twice designated as a Center of Excellence, the college maintains a commitment to quality programs, providing professional training and education for students seeking careers as practitioners, educators, public servants and managers of the arts.

For both our campus and external communities, CART provides arts events and community services, offering cultural enrichment of all kinds. The division of Arts and Cultural Programming produces programs that include the presentation of national and international artists plus contemporary works that challenge the boundaries of convention. Events can be found in as many as six professionally equipped performance facilities on campus, including the new state-of-the-art Alexander Kasser Theater - a venue like no other in the region, offering exceptional acoustics and an over-sized proscenium stage in an intimate and comfortable setting.

No matter how you like to express yourself, or whatever your patron or academic interests, chances are College of the Arts has a program for you. I hope that as you explore our website you will learn more about our college - its many strengths and opportunities - and discover, as so many have, that the College of the Arts at Montclair State University is "the place to be."

A Message From the **Dean:**

The outstanding students, faculty and staff of the Montclair State University College of Education and Human Services are working in multiple ways to produce a healthier, better education and more just society. For the fourth year in a row, US News & World Report has ranked Montclair State University as one of the nation's 'Best Education Schools;' Montclair State is one of only two New Jersey insitutions to be ranked nationally. This ranking, along with other national honors bestowed on the College, reflects the high-quality work of our faculty, staff and students.

Tamara Lucas

COLLEGE OF EDUCATION AND HUMAN SERVICES

Housed in state-of-the-art facilities in University Hall, the College of Education and Human Services is a hub of creativity, innovation, and excellence, where students, faculty, and staff create solutions to community problems, invent innovative practices and curriculum, and engage in and publish cutting-edge research. The College serves as a leader in preparing professionals to work collaboratively to change people's lives.

The College of Education and Human Services offers a wide variety of outstanding undergraduate and graduate programs leading to professional careers in public and private schools, government agencies, non-profit organizations, and private industry. All programs in the College are firmly grounded in the liberal arts and include the opportunity for internships, field work or student teaching. The seven academic departments are: Counseling and Educational Leadership; Secondary and Special Education; Early Childhood, Elementary and Literacy Education; Educational Foundations; Exercise Science and Physical Education; Family and Child Studies and Health and Nutrition Sciences.

Center for Clinical Services

Formerly the Ward Trucking site, the building at 147 Clove Road has received a complete renovation of its east wing, which is now a modern, integrated clinical services site known as the Center for Clinical Services. This building houses clinical programs for both the College of Education and Human Services and the College of Humanities and Social Sciences.

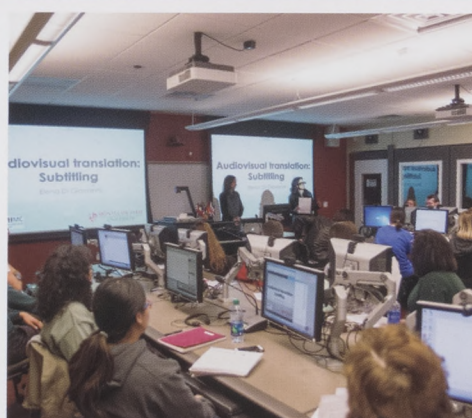

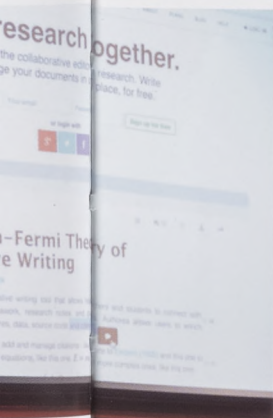

A Message From the **Dean:**

Congratulations graduates; we're proud of your accomplishments. As you worked toward your degree, we saw you step up, tackle rigorous coursework, manage a full calendar, and learn to take charge of your lives. Your coursework and other learning experiences helped you to look at the world differently and find mentors in our world-class faculty. You took advantage of research opportunities to advance knowledge and share it – many of you participated in the Student Research Symposium. Through classes and campus life, you collaborated and exchanged ideas with people of different ideological and cultural backgrounds. You attended lectures and came face-to-face with major players on the world stage. Many of you honed leadership skills through student government and clubs. You also prepared for life after Montclair by building up your resumes through study abroad, internships, co-ops, and service learning. These experiences have helped you develop resilience and determination to cope with uncertainty and adapt to changing landscapes. I know that you will continue to take advantage of what life has to offer as you build out your careers. I hope that you will also find time to give back to MSU and your community as full, participatory global citizens.

Robert S. Friedman

COLLEGE OF HUMANITIES AND SOCIAL SCIENCES

The College of Humanities and Social Sciences (CHSS) and its world-class faculty prepare students for successful lives in our 21st century world that demands multifaceted knowledge and perspectives. Through CHSS programs, students are able to build broad awareness, deep knowledge bases, and specific skills to meet the challenges of a globalizing community. All undergraduates hone skills in writing and critical thinking, essential fundamentals for any endeavor. They fortify these foundations through experiences in world literature and culture, philosophy, religion, history and the social sciences. CHSS majors and minors also prepare students for graduate study. Students are passionate about their disciplines and many seek experience beyond the classroom including internships, co-ops, and study abroad. Graduates then go on to pursue careers in law, government, business, psychology, and other various fields.

The CHSS curriculum offers students professional certification as child advocates, speech and language therapists, paralegals and teachers of psychology, social studies, foreign languages, literature and linguistics. Students with a CHSS degree have achieved success in a wide range of careers. English majors go on to teach and work in law firms, college admissions offices, and for prominent publications. Psychology majors are now nurses, social workers, speech therapists; some work in marketing and at the New York State Supreme Court.

Student Life

"Life is about experiencing all the things you find interesting and fascinating. Just get out there and experience as much as you can. Participate in life."

Louie Zanperini

Amissions Ambassadors

Ambassadors of the Office of Undergraduate Admissions at Montclair State University are an elite group of students whose goal is to provide the best possible experience to our guests while visiting our campus. Ambassadors play a major part in the University's efforts to recruit a diverse student body which will benefit from our comprehensive undergraduate curricula and rich campus life community. Admissions Ambassadors assist prospective students and their families throughout the college admissions process.

Ambassadors lead campus tours and assist staff members in of the Office of Undergraduate Admissions by facilitating campus wide open house programs, scholar days, and freshman welcome programs. In addition, Admissions Ambassadors also operate the visit center by answering questions over the phone, via email and in person.

Our Staff is:

Each Admissions Ambassador is a dedicated, hardworking student that:

Has an articulate, outgoing, and enthusiastic personality

Is resourceful and pro-active

Is willing to learn more about the university and its programs

Is reliable and responsible

Bonner Leader AmeriCorps Program

Montclair State University is one of more than 60 colleges and universities nation-wide honored to host a Bonner Leader AmeriCorps Program. The Bonner Leader Program is part of AmeriCorps, a national service initiative that provides opportunities for participants to engage in community service in return for a modest stipend and scholarship funds. Each year over 100,000 American citizens and college students serve their communities and country through participation in AmeriCorps programs located throughout the U.S. Bonner Leaders commit to an average of 10 hours of service a week and 300 hours for the academic year. These hours are made up primarily of service to a community agency or project, but also from activities such as in-service workshops, training sessions, and retreats that address pertinent issues and teach valuable, transferable skills.

Our Mission

Participate in mentoring and tutoring programs with community partners.

Support charitable initiatives on campus.

Attend local, state, and national training meetings; retreats.

Lead on-campus or local community service projects.

Counseling and Psychological Services

Counseling and Psychological Services (CAPS) offers short-term individual and group counseling to students, as well as a variety of educational and consultative services designed to promote wellness in the campus community. CAPS allows students to make the most of their academic education, helping prevent future problems, helping students develop to their fullest potential by learning new skills and resolving issues that may limit their performance, assisting and supporting faculty and staff through consultation, promoting wellness through workshops, presentations and major campus events providing a positive training environment and close supervision for graduate students in counseling and psychology.

Center for Student Involvement

The Center for Student Involvement is responsible for co-curricular and extracurricular programming, in which all students at Montclair State University are encouraged to participate. In addition to working with all student organizations on campus, special emphasis is placed on the needs of the commuter student. Activities are designed to develop and refresh the body and mind in the form of entertainment, educational enrichment, cultural diversity and fine arts activities.

Emergency Medical Services

The mission of Montclair State University Emergency Medical Services (EMS) is to provide rapid response and quality emergency medical care to members of the campus and surrounding communities. Available to the Montclair State University and the surrounding communities since 1998, Montclair State University EMS continues to be staffed entirely by students, 24 hours a day, throughout the school year. Our strength as an organization is deeply rooted in being members of the community that we serve. As our call volume has increased over the last several years we have continued to grow in other areas by adding a second ambulance and transitioning to a paperless charting system.

H^ealth Promotion

Health Promotion understands the impact of student health on academic performance and strives to enhance the social, physical and emotional well being of the diverse student body. Health Promotion is committed to providing services that are designed to develop healthy behaviors and prevent health concerns that may interfere with academic and personal success. In that regard, in 2004 Health Promotion created The Peer Advocate Program. Peer Advocates are student volunteers who have been trained to provide peer education, referral and health advocacy services to other students. Our volunteers bring a first-hand perspective to current health and social issues. Peer Advocates help develop and implement new initiatives they recognize as critical to the campus and to help others make healthy lifestyle choices. They provide workshops, discussion groups, information and materials, and someone to talk to about health and social concerns.

The Montclarion

The Montclarion is located on the campus of Montclair State University, room 113 Student Center Annex in Upper Montclair, NJ 07043. Since its founding in 1928, The Montclarion has been a news source dedicated to reporting and publishing stories integral to the interests of the Montclair State University campus community and the surrounding area. As an independent student media source, it continues to cover issues relating to campus life and higher education both online and in print.

R_{ecBoard}

RecBoard is an exciting, student-run organization within Montclair State University's Department of Campus Recreation. Since its founding in 1999, RecBoard has hosted a wide variety of Special Events and opportunities for community service, all in an effort to live up to its motto, "Have Fun, Get Involved, Make a Difference." With informal general meetings, BIG events, community service opportunities, and leadership opportunities, RecBoard never fails at being different and always thinks outside the box to serve the campus community.

Residence Life

The Office of Residence Life, in collaboration with other key University resources, is committed to providing a quality residential experience through our facilities, administration, counseling, dining services, and developmental programs that are engaging and beneficial to our residents' academic success, safety and personal growth. In conjunction with the goals of the University, Residence Life strives to create a caring community among students in the residence halls which is based on respect for self, others, and the environment, provide educational and social activities/programs that engage students and encourage them to broaden their perspective as well as challenge pre-conceived notions and opportunities to engage students in thought-provoking conversations, provide students with skills to successfully live in a community with others with a focus on enhancing interpersonal communication skills and to create an atmosphere conducive to enhancing the academic mission of the University by providing residence halls that are clean, safe, and conducive to studying.

Student Government Association, Inc.

The SGA was formed in 1925 as the “Student Council” and became a non-profit organization in 1934 known as the “Student Government Association.” The SGA is independent from the university and is composed of three separate but equal bodies: the Executive, the Legislative, and the Judicial branches. The SGA oversees more than 100 on-campus organizations, including groups for public service, culture, arts, hobbies, sports, and greek life. The overall aim is to enrich the college experience by giving students opportunities to connect with others, explore new interests, and lead their own clubs.

90.3 WMSC-FM

The Voice of Montclair

Founded in 1966, 90.3 WMSC-FM served as a freeform-college radio station to Montclair State University staffed by undergraduate students. In 2015-2016, 90.3 WMSC-FM changed its format from Freeform to Alternative. Their vision was to use Alternative music as an umbrella term that encompassed both distortion guitars and heavy drums; they also incorporated some pop which allowed the music programming to transition into EDM sounds on certain days. Additionally, the station played heavier active/arena rock to transition the programming into loud rock shows. This permitted them to create a sonically cohesive sound that allowed the programming to retain and build the audience. The new programming also included sports shows Sunday - Saturday, a Morning Talk show, The Morning Buzz, Monday - Friday, and an entire nine hours dedicated to Latin listeners which included six hours of alternative latin music, and three hours of latin-american news, Nuestra Voz, and frequent news cast and sports coverage.

Greeks

"You won't understand the unabashed of community until you're a part of one."

Anonymous

WE **LOVE** OUR GREEKS

Greek Life is one of the deepest traditions at Montclair State University and our one of a kind Greek community is home to many student leaders on campus. Professional staff in the Center for Student Involvement help students to realize their potential as they enter the world of Greek Life where they are provided with scholastic support, leadership challenges through the organization of committees, budget management, and interaction with faculty and administrators in a meaningful context. Through these experiences, Greek students are exposed to potential careers through educational programs and discussions with alumni. Additionally, fraternity and sorority members often create opportunities to give back to the community through service projects that serve as leadership moments during which lifetime friendships are often forged.

GREEK **WEEK** 2016

Greek Week is a week long celebration for the fraternities and sororities on campus. This week allows members of each chapter to come together and celebrate the spirit of being a Greek member and to show off their Greek pride. United together, the Greek community uses this time to show its passion for scholarship, service, leadership, and brotherhood/sisterhood. Events from Greek Week includes trivia, a cake bake off, sporting competitions, a talent show, scavenger hunts and finally classic backyard games including a relay race, tug of war, kan jam and corn hole.

THIS **WEEK** IN **GREEK**

THETA DELTA SIGMA

The Greek Community unanimously voted to bring a gender inclusive, multicultural, LGBTQ+ focused Greek organization onto campus! Welcome Theta Delta Sigma, the first of their organization in New Jersey!

N.G.L.A.

Twenty members of the Greek Community took on Pittsburgh to attend this year's Northeast Greek Leadership Association Conference. This is the largest group of students who have ever attended this conference, allowing more Greek Leaders to gain knowledge and skills which they brought back to the campus community.

IT'S ON US

Montclair State University Interfraternity Council (IFC) organizations put on an It's On Us Campaign to work to raise awareness and to end Sexual Assault on College Campuses. Due to their efforts the IFC was awarded the Josette Kaufman Health and Wellness Award at this year's Northeast Greek Leadership Association Conference.

HOMECOMING

This year's homecoming royals were made up of two members of the Greek Community, Michael Ladines of Theta Xi and Samantha Napolitano of Sigma Delta Tau. In a week of competition these two individuals won over the Montclair State University community, being crowned our newest Homecoming Royalty.

GREEK WEEK

In an effort to create a more united Greek Community during a week designed for both fun and competition, each Greek organization was partnered with another Greek organization to compete as a team during this year's Greek Week activities. In the end, Sigma Delta Tau and Delta Chi rose to the occasion, becoming the 2016 Greek Week champions. The week ended with friendships formed and Greek unity reaching an all time high.

COMING OUT WEEK

Five members of Greek organizations served on a panel for Coming Out Week that was sponsored by the LGBTQ Center. Members of the Greek community answered questions and gave their own personal experiences of being a part of the LGBTQ community and also being a member of Greek life.

OUR ACCOMPLISHMENTS

"Our organizations are the pivotal key to enhancing life at Montclair State University. Each unique family contributes a different piece of the puzzle to our overall community."

*Rajhon White
SGA President*

PLAYERS

Over the course of the 2015-2016 Academic Year, PLAYERS collected over \$2,800 for various charities chosen by the Executive Board, with their primary focus being on This Star Won't Go Out. This Star Won't Go Out raises money to help families of children with cancer help pay for treatments and other medical expenses, while also raising awareness for the growing number of children with terminal cancers across the country. Although they focused most of their efforts on this charity, other focuses included The Anti-Violence Project (AVP), which raises money to support LGBTQ-identified victims of all forms of violence, The Montclair Township Animal Shelter (PAW.S.), which raises money for the treatment and care-taking of abused or stray animals, and water.org, which raises money to buy clean water and supplies for those in need, with their focus this year being on Flint, Michigan.

MONTCLAIR STATE DANCE COMPANY

During the 2015/2016 year, the Montclair State Dance Company (MSDC) has chosen its philanthropy to be Dancers Care Foundation. Dancers care foundation is a non-profit organization that spreads awareness about cancer and also raises money to find a cure to this terrible disease. It's number one supporter is dancers! This is why MSDC felt like it was important to do their part. This year they raised money in various ways including a campus bra pong and a cookies for cancer bake sale. MSDC raised over \$2,100 this year and hopes to work with them again next year as they are honored to work with a small foundation and know they are making a positive impact on the world.

THE INDIAN CULTURE CLUB

The Indian Culture Club has three main charities for the academic school year of 2015-2016. Those three charities are CRY America, Jaiden's Journey and Relay for Life. Cry America stands for Child's Rights and You. This is a non profit organization that helps protect and fight for children's right in India and offers them health aid and education. The Indian Culture Club has been working closely with them since 2014. Their second charity is Jaiden's Journey. This charity offers support to Jaiden Patel's cancer treatments. Jaiden was diagnosed with an inoperable brain tumor at the age of 2 and is now 16 and is fighting cancer for the fourth time. The money raised for this charity will defray flight and chemotherapy and radiation treatment costs. Their last charity is Relay for Life. The event raises money for the American Cancer Society.

“

Winning homecoming royalty was truly such an honorable and humbling experience. Thinking back to freshman year, I would have never guessed that I would be able to even find the confidence to compete for this honor. MSU and my sorority, Sigma Delta Tau, helped give me that confidence. Winning in their names was a way for me to thank them for all that they have given me these past four years. Being able to represent MSU as a whole, alongside the other incredible nominees, was truly a blessing that I will carry with me forever.”
